

Buffets@1051GWR

At 1051 we try and offer the widest choice to our clients and that includes our functions and outside catering. We recognise that offering set buffet menus does not suit everyone so we encourage you to "build your own buffet" To start, you would choose from our selection of "main courses" and add on as required. Included in "main courses" are a number of carefully chosen finger food selections. Once you have decided on a "main course" then you can add on starters, side dishes and desserts if you wish to. Depending on the number of people you anticipate attending the function you can choose more than one main course or starter or side order or dessert.

Please note that on Fridays, Saturdays and Sundays we have a minimum charge of £20 per head thus you will have to add items to the main course choices on these days. Minimum charges will also apply depending on the nature of the function. In addition we charge £30 per hour plus vat for the hire of the room.

Please see below for item lists and costs. Each item has a number after it, this is the minimum number of people we will provide that item for.

For example if you think there will be 40 or more at the event you can choose to combine a main course with a 20 minimum with a second main course with a 20 minimum. This way you could provide your guests with a fork option together with a finger-food option as well.

Another example would be if you thought there would be more than 60 at the event you could choose to add 3 starters with a minimum of 20 each.

To price your menus just multiply the number of items ordered by the cost.

Again an example would be

65 guests having 3 starters, and 2 hot mains plus a finger-food option, followed by 3 desserts

Say,

Starters

25 soup at	£4	100
20 Pakora at	£4.50	90
